Driver's Ed Caroline B. Cooney

The universal experience for most high school students is learning to drive and getting their driver's license. Add breathlessly plotted romance and an accident and you have a poignant and realistic novel.

Remy Martin prays to the God of Driver's Education that she will get to drive today. She doesn't know where she's going, but she knows one thing . . . she is going to get there fast.

Morgan Campbell had been standing on the threshold of 16 and getting his driver's license ever since he could remember. But deep into the first crush of his life, thinking of nothing but girls, Morgan forgot what driving was all about.

This poignant novel about responsibility and consequences is as convincing as it is irresistible.
