The Morning Star: A Novel Andre Schwarze-Bart

This story begins in the aftermath of a nuclear war that has reduced our world to ashes.

Luckily, a few found their way to the stars and into immortality. In the year 3000, nostalgic for the past, they return to earth in an effort to reconstruct the loves of the people who lived there.

The Morning Star flows between the poetic, the fantastic and the realistic as it weaves the tale of the Jewish people from Abraham to the Holocaust and into the future.
