Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) Michael A. Regan, John D. Lee, Trent W. Victor

It is estimated that, in the United States, around 20 percent of all Police-reported road crashes involve driver distraction as a contributing factor. This figure increases if other forms of inattention are considered. Evidence (reviewed in this volume) suggests that the situation is similar in other countries and that driver distraction and inattention are even more dangerous as contributing factors in crashes than drug and alcohol intoxication.

Having a solid evidence-base from which to develop injury countermeasures is a cornerstone of road-safety management. This book adds to the accumulating evidence-base on driver distraction and inattention. With 24 chapters by 52 authors from more than 10 countries, it provides important new perspectives on the definition and meaning of driver distraction and inattention, the mechanisms that characterize them, the measurement of their effects, strategies for mitigating their effects, and recommendations for further research.

The goal of this book is to inspire further research and countermeasure development to prevent and mitigate the potentially adverse effects of driver distraction and driver inattention, and, in doing so, to save lives.

From reader reviews:

Deborah Rinehart:

Why don't make it to be your habit? Right now, try to prepare your time to do the important action, like looking for your favorite e-book and reading a e-book. Beside you can solve your condition; you can add your knowledge by the reserve entitled Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport). Try to make book Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) as your good friend. It means that it can to get your friend when you feel alone and beside associated with course make you smarter than before. Yeah, it is very fortunated in your case. The book makes you more confidence because you can know every thing by the book. So , let me make new experience in addition to knowledge with this book.

Emile Guzman:

Book is to be different per grade. Book for children until eventually adult are different content. As we know that book is very important for us. The book Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) had been making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The book Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) is not only giving you more new information but also to be your friend when you truly feel bored. You can spend your own spend time to read your e-book. Try to make relationship using the book Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport). You never experience lose out for everything when you read some books.

Thomas Stewart:

Your reading sixth sense will not betray you actually, why because this Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) publication written by well-known writer we are excited for well how to make book which might be understand by anyone who all read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your hunger then you still skepticism Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport) as good book not just by the cover but also by the content. This is one book that can break don't evaluate book by its protect, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your examining sixth sense already said so why you have to listening to yet another sixth sense.

Cara Shaver:

What is your hobby? Have you heard in which question when you got college students? We believe that that problem was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. So you know that little person such as reading or as reading through become their hobby. You need to know that reading is very important and book as to be the thing. Book is important thing to increase you knowledge, except your current teacher or lecturer. You find good news or update concerning something by book. Many kinds of books that can you choose to adopt be your object. One of them is this Driver Distraction and Inattention: Advances in Research and Countermeasures, Volume 1 (Human Factors in Road and Rail Transport).
