Estado contra mercado (Spanish Edition) Carlos Rodríguez Braun

La delimitación de Estado y mercado se ha convertido en la principal cuestión económica de nuestro tiempo y en un problema político insoslayable

La delimitación de los ámbitos respectivos del Estado y el mercado se ha convertido en la principal cuestión económica de nuestro tiempo y en un problema político insoslayable. Las privatizaciones y desregulaciones, el medio ambiente y la desigualdad, las tensiones en diversos capítulos de la sociedad del bienestar, como la sanidad y las pensiones, están hoy más que nunca sobre el tapete.

El objetivo de *Estado contra mercado* es colaborar en el debate abierto sobre estos asuntos cruciales. Carlos Rodríguez Braun, economista y catedrático de la Universidad Complutense, y destacado representante del pensamiento liberal, aborda el problema desde una perspectiva que defiende la economía de mercado. No se trata, sin embargo, de una postura extrema o maniquea, y no propicia un desmantelamiento del Estado sino unos criterios renovados de convivencia de ambas instituciones.

Con un estilo accesible y no técnico, este libro analiza los aspectos teóricos pero también prácticos de la cuestión, y discute las reformas concretas planteadas sobre sus facetas más importantes.
