Constitutional History of the American Revolution

John Phillip Reid

Constitutional History of the American Revolution John Phillip Reid

Designed for use in courses, this abridged edition of the four-volume *Constitutional History of the American Revolution* demonstrates how significant constitutional disputes were in instigating the American Revolution. John Phillip Reid addresses the central constitutional issues that divided the American colonists from their English legislators: the authority to tax, the authority to legislate, the security of rights, the nature of law, the foundation of constitutional government in custom and contractarian theory, and the search for a constitutional settlement. Reid's distinctive analysis discusses the irreconcilable nature of this conflict—irreconcilable not because leaders in politics on both sides did not desire a solution, but because the dynamics of constitutional law impeded a solution that permitted the colonies to remain part of the dominions of George III.
