*Maciej Zieba*

**PAPAL ECONOMICS: The Catholic Church on Democratic Capitalism, from Rerum Novarum to Caritas in Veritate (Culture of Enterprise)** Maciej Zieba

*Papal Economics* corrects the record about one of the most important—but least understood—authorities on capitalism and democracy: the Catholic Church.

Maciej Zieba, OP—a leading interpreter of the thought of Pope John Paul II—takes readers on an enlightening tour through the Catholic Church’s social teaching on economics and governance. Examining papal pronouncements from the late nineteenth century to the present, Zieba shows that the Church displays a profound understanding of democracy and support for free markets. But this praise is not unqualified—a major reason why secular commentators of all stripes misinterpret Catholic social teaching.

Updated with a brand-new afterword explaining the controversial economic teachings of Pope Francis, *Papal Economics* is the essential book for understanding the proper path forward.
