Knoxville in the Vietnam Era (Images of America)

William Edward Hooper

Knoxville in the Vietnam Era (Images of America) William Edward Hooper

The Vietnam War era (1961-1975), one of our country's most turbulent periods, was also a time of change and social evolution. Seeded in the aftermath of World War II, the nation enjoyed a remarkable economic boom. Knoxville and East Tennessee stood witness to the transformation of American society and the problems that came with the new success. From the first recognized combat casualty of the Vietnam War to the evacuation of Saigon, Knoxvilleians were there, and their stories of sacrifice and service earned little mention or were forgotten in historical texts. At home, urban decay gained a grip on Knoxville's once vibrant downtown, and protests were not an uncommon sight on the evening news, but there was progress too. This volume documents the start of a new beginning for Knoxville as the city tried to hold onto its traditional Appalachian values and move into a new era.
