The Ottoman Age of Exploration Giancarlo Casale

In 1517, the Ottoman Sultan Selim "the Grim" conquered Egypt and brought his empire for the first time in history into direct contact with the trading world of the Indian Ocean. During the decades that followed, the Ottomans became progressively more engaged in the affairs of this vast and previously unfamiliar region, eventually to the point of launching a systematic ideological, military and commercial challenge to the Portuguese Empire, their main rival for control of the lucrative trade routes of maritime Asia.

The Ottoman Age of Exploration is the first comprehensive historical account of this century-long struggle for global dominance, a struggle that raged from the shores of the Mediterranean to the Straits of Malacca, and from the interior of Africa to the steppes of Central Asia. Based on extensive research in the archives of Turkey and Portugal, as well as materials written on three continents and in a half dozen languages, it presents an unprecedented picture of the global reach of the Ottoman state during the sixteenth century. It does so through a dramatic recounting of the lives of sultans and viziers, spies, corsairs, soldiers-of-fortune, and women from the imperial harem. Challenging traditional narratives of Western dominance, it argues that the Ottomans were not only active participants in the Age of Exploration, but ultimately bested the Portuguese in the game of global politics by using sea power, dynastic prestige, and commercial savoir faire to create their own imperial dominion throughout the Indian Ocean.

Alice Scales:

This The Ottoman Age of Exploration book is simply not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book is usually information inside this e-book incredible fresh, you will get facts which is getting deeper you actually read a lot of information you will get. This The Ottoman Age of Exploration without we recognize teach the one who studying it become critical in thinking and analyzing. Don't end up being worry The Ottoman Age of Exploration can bring any time you are and not make your case space or bookshelves' become full because you can have it in your lovely laptop even cellphone. This The Ottoman Age of Exploration having fine arrangement in word and also layout, so you will not really feel uninterested in reading.

Mary Varnum:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's soul or real their interest. They just do what the educator want, like asked to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this The Ottoman Age of Exploration can make you really feel more interested to read.
