A Motion for Innocence...And Justice for All? Shaun Webb

#1 Amazon bestseller in perspectives of law and conflicts of crime!! It could happen to you! The judicial system has been on a downward spiral due to overzealous prosecutors, entitled judges, and privatization within the incarceration "Industry." It is no longer "innocent until proven guilty," as much as it is a contest between two lawyers to see who reigns supreme. The defendants have become pawns in a giant game. Finances, not facts, often determine the outcome of cases. In my story, Sean West finds himself in the midst of such impropriety. Accused of sexual misconduct that he insists never happened trigger a series of events that forever changes his life. When a 15 year-old girl steps forward with allegations of abuse, Mr. West has confidence that the judicial system will discover the truth and make the correct decision regarding his future. A judge who berates lawyers, a defense attorney obviously frightened by the judge and a prosecutor with a penchant for trying people with weak evidence turns Sean's trial into a circus. Sean finds that his faith in the judicial system was sorely mistaken as the trial plays out before him. Rather than a search for the truth, it becomes a mission to re-arrange the facts to fit the prosecutors agenda. A Motion for Innocence...And Justice for All? is a revealing story about the reality of justice in America today. Written in first person, this book takes the reader on a journey through the court system and beyond. It is emotional, traumatic and real. If you think it cannot happen to you, think again.
