The Mission Naomi Kryske

On September 11, 2001, Jennifer Sinclair, a young Texan living in London, saw her homeland attacked: the World Trade centers, the Pentagon, and a plane which crashed in a field in Pennsylvania. It was difficult to be an American in a foreign country, even an ally of America's, following the events of September 11. Now married to a New Scotland Yard senior detective, Jenny never expected the climate of terrorism from the United States to sweep across the Atlantic and bring an undercurrent of fear to the United Kingdom.

Jenny now lives in the idyllic northwest London suburb of Hampstead, but she feels the uneasiness that all Americans abroad do. When it takes only one crazed individual to commit unreasoning violence, no one can consider himself or herself completely safe. The Commissioner of the Metropolitan Police assigns extra officers to patrol possible target areas in what he calls, Operation Calm, but Jenny is not reassured. Then a cargo ship in the English Channel, reported to be carrying terrorist material, is boarded by anti-terror police. Although the New Scotland Yard spokesman insists that there is no danger to the public, she isn't relieved. Not long afterward, Richard Reid, who was born and raised in Britain, tries to destroy an American Airlines plane in flight with a bomb in his shoe. Each incident seems to be happening closer and closer to home.

Her husband, Detective Chief Inspector Colin Sinclair, recalls the days of IRA terrorism and assures her that police officers in the UK have a good deal of experience fighting terrorists. IRA terrorists, however, generally did not choose to die with their targets, and this new breed of evildoers seems to be willing to stop at nothing.

Still, Jenny never expected the clouds of violence to strike close to home and threaten her loved ones. Then early in 2002, a terrorist attack occurs in London and devastates her. Reeling from the trauma of sudden grief, Jenny's world is turned upside down, and she must find the strength to adjust to a life she would not have chosen, separated from family and in a country not her own.

Supported by an ex-Royal Army chaplain, counseled by a psychiatrist, and guided by Metropolitan Police officers who have become friends, Jenny struggles to make a new life for herself. Then a new danger

appears, on the quaint streets of her Hampstead home, a danger she will have to face alone.

Thus *The Mission* continues the story of Houston-born Jenny - who traveled to London in the previous novel, *The Witness* -

and the Metropolitan Police Service detectives and witness protection officers who kept her safe following her brutal attack by a serial killer. She faced a long recovery from her physical injuries and an even longer one from the trauma of violence. Testifying against her attacker in spite of her fear strengthened her, and gradually she moved from being a victim to being a survivor. The final step, however, involved leaving her trauma behind to become a victor, someone free to embrace hope and love.

From reader reviews:

Ronnie Hamilton:

Here thing why this kind of The Mission are different and trustworthy to be yours. First of all reading through a book is good however it depends in the content than it which is the content is as scrumptious as food or not. The Mission giving you information deeper as different ways, you can find any publication out there but there is no guide that similar with The Mission. It gives you thrill reading journey, its open up your own personal eyes about the thing that will happened in the world which is possibly can be happened around you. You can easily bring everywhere like in park, café, or even in your approach home by train. When you are having difficulties in bringing the imprinted book maybe the form of The Mission in e-book can be your option.

April Wages:

Information is provisions for anyone to get better life, information these days can get by anyone in everywhere. The information can be a know-how or any news even a huge concern. What people must be consider any time those information which is inside former life are hard to be find than now is taking seriously which one is appropriate to believe or which one the actual resource are convinced. If you obtain the unstable resource then you get it as your main information there will be huge disadvantage for you. All of those possibilities will not happen in you if you take The Mission as the daily resource information.

Oliver Crites:

The guide with title The Mission has lot of information that you can learn it. You can get a lot of benefit after read this book. This book exist new understanding the information that exist in this book represented the condition of the world currently. That is important to yo7u to find out how the improvement of the world. That book will bring you throughout new era of the internationalization. You can read the e-book on the smart phone, so you can read that anywhere you want.

Pete Dominguez:

Your reading sixth sense will not betray you actually, why because this The Mission publication written by well-known writer who really knows well how to make book which can be understand by anyone who all read the book. Written in good manner for you, leaking every ideas and producing skill only for eliminate your own personal hunger then you still question The Mission as good book not merely by the cover but also by content. This is one book that can break don't judge book by its protect, so do you still needing an additional sixth sense to pick this particular!? Oh come on your examining sixth sense already told you so why you have to listening to an additional sixth sense.
