Enforcement at the EPA: High Stakes and Hard Choices, Revised Edition

Joel A. Mintz

Enforcement at the EPA: High Stakes and Hard Choices, Revised Edition Joel A. Mintz

The only published work that treats the historical evolution of EPA enforcement, this book provides a candid inside glimpse of a crucial aspect of the work of an important federal agency. Based on 190 personal interviews with present and former enforcement officials at EPA, the U.S. Department of Justice, and key congressional staff members—along with extensive research among EPA documents and secondary sources—the book vividly recounts the often tumultuous history of EPA’s enforcement program. It also analyzes some important questions regarding EPA’s institutional relationships and the Agency’s working environment.

This revised and updated edition adds substantial new chapters examining EPA enforcement during the Clinton and George W. Bush administrations. Its treatment of issues of civil service decline and the applicability of captive agency theory is also new and original.

The book was written by the very famous author. This articles author makes some research ahead of write this book. This particular book very easy to read you may get the point easily after scanning this book.

Michael Vogel:

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Enforcement at the EPA: High Stakes and Hard Choices, Revised Edition can make you really feel more interested to read.
