Inside Forensic Psychology

Inside Forensic Psychology

The rich case material in this unique book provides readers with an in-depth understanding of a wide variety of forensic psychology topics through the perspective of the psychologist working with these individuals.

- Includes detailed case material that brings to life core concepts in forensic psychology and documents the clinical thinking and mindset of a psychologist as they meet with the patient, work in the court system, and write the court report
- Encourages readers to use their critical thinking skills through the presentation of core forensic psychology concepts throughout the clinical cases
- Addresses a subfield of psychology that is one of the best-paying and increasingly popular areas of specialization within professional psychology and is gaining awareness in the general population due to popular media such as movies, television shows, and fictional books that feature forensic psychology-themed storylines
