Follow the fun example of a family pizza restaurant to help you adapt your own website to one that is fullyfunctional in a mobile environment. Each chapter covers a different aspect of mobile web development with plenty of step-by-step instructions and screenshots to make things clearer. This book is for independent developers who may or may not have had experience with Drupal websites. We take some “deep dives” into customized functionality that will take your Drupal development and your development workflow to the next level.
