Meaningful Work Christopher Ward

Work is a huge and important part of our lives and has a meaning that goes much deeper than day-to-day activity or concerns about turnover and profitability. It is fundamental to our existence, part of our relationship with the planet, an expression of our beliefs, hopes and vocations, and a contribution to society.

With a thoughtful mix of personal insights, and ideas from many sources Christopher Ward argues strongly for new thinking about how and why we work, exploring how to find meaning in work, how to make work meaningful, and what this means for leaders and managers in all sectors and in organisations of all sizes.
