Could It Be B12?: An Epidemic of Misdiagnoses Sally M. Pacholok, Jeffrey J. Stuart

Presenting a wide scope of problems caused by B12 deficiency, this comprehensive guide provides up-to-date medical information about symptoms, testing, diagnosis, and treatment. Written for both the patient and the interested layperson, this detailed book outlines how physicians frequently misdiagnose B12 deficiency as Alzheimer's disease, multiple sclerosis, heart disease, mental retardation, Parkinson's disease, depression, or other mental illnesses. Now in the second edition, this resource has been thoroughly updated with the latest research, diagnostic tests, treatment options, case studies, and testimonials.

From reader reviews:

Victor Kohlmeier:

Reading a guide tends to be new life style within this era globalization. With studying you can get a lot of information that will give you benefit in your life. Having book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story as well as their experience. Not only the story that share in the publications. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors these days always try to improve their talent in writing, they also doing some analysis before they write to the book. One of them is this Could It Be B12?: An Epidemic of Misdiagnoses.

William Sebastian:

This Could It Be B12?: An Epidemic of Misdiagnoses is great reserve for you because the content which is full of information for you who have always deal with world and possess to make decision every minute. This book reveal it facts accurately using great plan word or we can point out no rambling sentences within it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tricky core information with wonderful delivering sentences.
