The Gospel of Mary (Oxford Early Christian Texts)

The Gospel of Mary (Oxford Early Christian Texts)

This volume, the first in a major new series which will provide authoritative texts of key non-canonical gospel writings, comprises a critical edition, with full translations, of all the extant manuscripts of the Gospel of Mary. In addition, an extended Introduction discusses the key issues involved in the interpretation of the text, as well as locating it in its proper historical context, while a Commentary explicates points of detail. The gospel has been important in many recent discussions of non-canonical gospels, of early Christian Gnosticism, and of discussions of the figure of Mary Magdalene. The present volume will provide a valuable resource for all future discussions of this important early Christian text.
