The Iron Giant

Ted Hughes

The Iron Giant Ted Hughes

A mysterious creature stalks the land, eating barbed wire and devouring tractors and plows. The farmers are mystified - and afraid.

And then they glimpse him in the night: the Iron Giant, taller than a house, with glowing headlight eyes and an insatiable taste for metal. Where has he come from? Nobody knows. How was he made? Nobody knows. What they *do* know is that the Iron Giant must be stopped.

But the real threat hovers above, darkening the sky with its scaly wings: a space-bat as big as Australia, hungry for every living thing it sees. And suddenly, the world needs a hero - a *giant* hero - like never before...

First published in 1968, Ted Hughes's classic tale is a powerful tribute to peace on earth - and in all the universe.

From the Hardcover edition.
