## **Strip Built Canoe: How to build a beautiful, lightweight, cedar strip canoe** Randy Folsom

The strip building method was first introduced in the late '60s and has enjoyed an ever expanding following over the years. Little has changed in the basic method of construction; however, over the years new techniques and numerous refinements have been introduced, many of which you will find here. The one thing that has remained constant is that unquestionably, the popularity of strip built watercraft comes from the natural beauty of the wood they are made from. When coated with clear resin and fiberglass, the rich tones and colors of the cedar strips cry out to be touched and admired. The premise behind this book is that if you take your time, approach the project thoughtfully, and follow the guidance provided here, you will be able to successfully build a beautiful strip canoe without breaking the bank. Anyone with a little determination and patience can build one of these craft.
