Twelve Gems Lane Milburn

This sci-fi epic takes place somewhere in the outer cosmos, beyond reckoning or observation. The mysterious Dr. Z has enlisted three space heroes to search the galaxy for the fabled Twelve Gems of Power: the hulking alien-brawn Furz; the beautiful and deadly sabre-wielding Venus; and the soft-spoken canine technician, Dogstar. They meet many strange and storied characters on their journey, but none so strange or sinister as their dear benefactor himself. With a heavy dose of humor and wall-to-wall action, this is one of the most action-packed and funny books of the year.
