Once home to Native Americans and mountain settlers, Harriman State Park is today a 73-square-mile wilderness and recreation area lying 30 miles north of New York City. Offering over 200 miles of hiking trails, swimming, boating, fishing, and camping, it has been an oasis for city dwellers for 100 years. During the 1800s, the land was home to hardworking farmers, miners, and woodcutters. As the new century dawned, it evolved into a park of stunning beauty. Part of the Palisades Interstate Park System, it is the second-largest state park in New York.
