**Post & Telecommunications: Post and Telecommunications v. 18 (Reviews of UK Statistical Sources (RUKSS))** S. Wall, P. Nicholson

The review describes the publicly available sources of statistical information about postal and telecommunications in the United Kingdom. It covers public letter and parcel mail, postal orders, telephone, telegraph, telex, data and facsimile services. Given the 1981 Post Office reorganisation and the 1984 privatisation of British Telecom, this volume should prove a valuable resource to researchers and professionals requiring a guide to information in this rapidly changing field.
