The Seduction of the Mediterranean: Writing, Art and Homosexual Fantasy Robert Aldrich

Through an explanation of forty figures in European culture, *The Seduction of the Mediterranean* argues that the Mediterranean, classical and contemporary, was the central theme in homoerotic writing and art from the 1750s to the 1950s. Episodes of exile, murder, drug-taking, wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture. The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity, the Renaissance and modern Italy and Greece.
