Apart from its geographical import, the English Channel is also of legal importance serving as the divide between two distinct legal traditions. The sea, being the manifestation of this border, is also the symbolic arena for one of the most contentious modern distinctions between the Civilian and Common Law traditions, namely between good faith and utmost good faith in marine insurance. In essence this work is a critique of the English principle of utmost good faith. The author places *Carter v Boehm* in its Civilian context. The book includes a comprehensive collection of texts by Civilian writers on the topic of good faith in marine insurance in both the original version and translation.
