## The Globalized City: Economic Restructuring and Social Polarization in European Cities (Oxford Geographical and Environmental Studies Series)

This book explores the dynamics that have accompanied the implementation of large-scale Urban Development Projects (UDPs) in nine European cities within the European Union (EU). The principal aim is to show how the production of these new urban spaces is actually also part of the production of a new polity, a new economy, and new forms of living urban life that are not very promising for a socially harmonious and just future for metropolitan urban Europe.
