What is it with relationships!? The cheating, the sex and the arguments. The growth, the lessons and the love. All the good and the bad. One day it's paradise and the next it's a war zone. We all deal with something within our relationship, what do we do? How do we handle the situations that arise? Don't worry you're not alone. More people than you think go through similar issues everyday. With three main topics this book will provide insight to my personal experiences and how I handled them. Chapter One: Cheating, if you stay how to make it work. Chapter Two: Lacking Sexually, how to support your partner dealing with a form of erectile dysfunction. Chapter Three: Realizing It Won't Work(two sections). The first section talks about a toxic relationship where arguments are constant and the negative outweighs the positive. The second section deals with being on two different sides where one has the mindset of "WE" and the other has the mindset of "SELF."
