Toxicology: Stories Steve Aylett

Some stories in this new collection take place in Beerlight, the city of heroic criminals and villainous cops Steve Aylett introduced in Slaughtermatic. Others are set in unique worlds, creations of Aylett's twisted vision and sardonic sense of humor. "If Armstrong Was Interesting" is a series of scenarios imagining how the American hero might have jazzed up his voyage to the moon. In "Gigantic," corpses rain from the sky as payback for the massacres of our century.
